

FOR IMMEDIATE RELEASE

DAVO Sales Tax, by DAVO Technologies is Now Available on Square

Portland, ME (April 1, 2017) DAVO Sales Tax, the only integrated and automated sales tax cash management solution targeted to small and medium sized businesses is now available on Square.

The integration of DAVO's unique sales tax solution enables Square users the ability to board the DAVO Sales Tax application and forget about sales tax forever. "Sales tax compliance is a major burden for many merchants, particularly the SMBs. It is a responsibility from which they gain no benefit, yet have all the liability if they make a mistake," said Owen Brown, CEO of DAVO Technologies. According to Brown, "DAVO's patented process removes the friction points associated with sales tax compliance, affording merchants more time to focus on growing their business."

"By collecting and setting aside the sales tax funds daily, DAVO Sales Tax ensures the merchant is compliant and fulfills their fiduciary responsibilities to the state. Our goal is to protect the merchant, mitigating risk, " said Brown. At the end of the tax cycle, DAVO Sales Tax automatically files and pays sales tax revenues to the state on behalf of the merchant.

Now available on Square, the DAVO Sales Tax solution, which automatically collects sales data and tax revenue daily to ensure a merchant's tax liability remains current and funded at the time of filing, can be integrated within minutes with a simple boarding process.

About DAVO Technologies LLC

DAVO Technologies has pioneered simplified daily cash management solutions for small to mid-size businesses. Their premier application, DAVO Sales Tax is used by merchants to automatically collect, file and pay sales tax in all 45 states and the District of Columbia who have sales tax obligations. DAVO Sales Tax is currently available on and integrated with Square, Clover POS, Revel Systems POS, QuickBooks Online, Poynt Smart Terminal and ABC Financial Software.
