ABOUT VERTEX ENERGY, INC.

Vertex Energy, Inc. (OTCBB:[VTNR](#)), is a leading environmental services company that recycles industrial waste streams and off-specification commercial chemical products. Its primary focus is recycling used motor oil and other petroleum by-product streams. Vertex Energy purchases these streams from an established network of local and regional collectors and generators. The company also manages the transport, storage and delivery of the aggregated feedstock and product streams to end users, and manages the re-refining of a portion of its aggregated petroleum streams in order to sell them as higher-value end products. Vertex Energy sells its aggregated petroleum streams as feedstock to other re-refineries and fuel blenders or as replacement fuel for use in industrial burners. The re-refining of used motor oil that Vertex Energy manages takes place at a facility operated by a related party that uses a proprietary Thermal Chemical Extraction Process ("TCEP") technology. Based in Houston, Texas, Vertex Energy also has offices in Georgia and California. More information on the company can be found at www.vertexenergy.com.
